- Per classificare e categorizzare il mondo dei Think Tanks è stato analizzato l'ultimo Report del *Think Tanks and Civil Societies Program (TTCSP)* dell'Università della Pennsylvania, ***The Global "GO-TO Think Tanks" 2010***, pubblicato il 18 gennaio 2011. Tale studio fornisce una panoramica esaustiva e dettagliata dei migliaia di TT's presenti nel mondo, sottolineando come, rispetto alla rilevazione dell'anno 2009, siano aumentati di circa mille unità, da 5465 a 6480.
- Come regione la prima in classifica è il Nord America dove sono presenti 1913 centri, seguita dall' Europa occidentale con 1757 e dall'Asia con 1200.
